Teaching Strategy (TS)	Three Reasons This Teaching Strategy Works for You FTF		
Close Reading	Students can show understanding of complex text	I can adjust expectations based on learner ability	I can monitor students ability to recognize author choices

Does your LMS Directly Support the Strategy Above?

Yes

The Immersive Reader can helps students turn any document or PDF into a annotated text.

Does this LMS feature support at least two of the reasons listed above?

No → You need to look for an ATT

Try a new ATT → *Type in the Additional Tech Tool (ATT) that you will need to support this TS*

Yes

Allows students to show understanding through annotations and comments

I can give individualized feedback to students directly on the application.

Does this LMS feature have additional capabilities to extend or enhance this lesson?

Yes / **No**

Type in the first additional way this LMS feature will extend or enhance this lesson

Second way?

Good for you! Sounds like you have a plan to **transform** your lesson as you move it online using the available features in your LMS...!

That's OK! It sounds like your have a good plan to **transition** your FTF lesson online using the available features in your LMS...

No

Type in the Additional Tech Tool (ATT) that you will need to support this TS

Does this ATT support at least two of the reasons listed above? → **No**

Yes

Type in the first reason this ATT supports

Type in the second reason this ATT supports

Third reason?

Does this ATT have additional capabilities to extend or enhance this lesson?

Yes / **No**

Type in the first additional way this ATT will extend or enhance this lesson

Second way?

Good for you! Sounds like you have a plan to **transform** your lesson as you move it online using an ATT

That's OK! It sounds like your have a good plan to **transition** your FTF lesson online using an ATT...

Check your new online learning experience against your Personal Standards for Teaching. Does it meet the expectations outlined in that document?

Yes

Woo Hoo!! You are ready to go...

No

Uh...time to make a few changes. Adapt your LMS feature or ATT to meet the expectations you have set for online classes.
