Re: Caitlin Genord

Dear Sir or Madam:

I have been the supervising teacher from Butler University for Caitlin's student teaching experience for the 2015 spring semester.

Caitlin's commanding presence in the classroom is an asset. This confidence derives from her extensive planning and her knowledge of language arts. Reviewing her detailed lesson plans convinces me that she would prepare diligently for any teaching position she accepts.

I have observed how she integrates various methods in a single class period to encourage participation and cover the mandated curriculum in College Prep English 10 and English 10 Honors. She has accepted my suggestions and critiques with a positive attitude.

Her use of technology reinforces her willingness to stay informed and to adapt to new ideas to engage students.

Although I have known Caitlin for a short time, I have enough experience in teaching and mentoring to recognize her passion for teaching and her desire to excel.

It is my pleasure to endorse Caitlin for a teaching position. Should you desire additional information, feel free to contact me.

Regards,

Linda M. Robb, J.D.
