

Student Work Strategy (SW)	Three Reasons This Student Work Strategy Works for You FTF		
<i>Grup Discussion</i>	Enhances teamwork and collaboration	Improves classroom community	Permits interaction and understanding of opposing views

Does your LMS Directly Support the Strategy Above?

Yes

*The chat feature can be used for casual students discussion and the class notebook has a collaboration space that can be used for group work.*

Does this LMS feature support at least two of the reasons listed above?

Yes

*The LMS support collaboration and teamwork by allowign students to work together in real time*

*The LMS helps build the classroom community becuae students can get used to interacting with peers and their teacher*

Does this LMS feature have additional capabilities to extend or enhance this lesson?

Yes

*Students can also create a shared document that they can work on together online.*

Good for you! Sounds like you have a plan to **transform** your lesson as you move it online using the available features in your LMS...!

No

That's OK! It sounds like your have a good plan to **transition** your FTF lesson online using the available features in your LMS...

You need to look for an ATT

Try a new ATT

*Type in the Additional Tech Tool (ATT) that you will need to support this SW*

No

Does this ATT support at least two of the reasons listed above?

Yes

*Type in the first reason this ATT supports*

*Type in the second reason this ATT supports*

*Third reason?*

Does this ATT have additional capabilities to extend or enhance this lesson?

Yes

*Type in the first additional way this ATT will extend or enhance this lesson*

*Second way?*

Good for you! Sounds like you have a plan to **transform** your lesson as you move it online using an ATT

No

That's OK! It sounds like you have a good plan to **transition** your FTF lesson online using an ATT...

Check your new online learning experience against your Personal Standards for Teaching. Does it meet the expectations outlined in that document?

Yes

Woo Hoo!! You are ready to go...

No

Uh...time to make a few changes. Adapt your LMS feature or ATT to meet the expectations you have set for online classes.
